# CLP EVIDENCE

*EVIDENCE*

The Malaysia Certificate in Legal Practice (CLP) examination by no means is simple as it encompasses practical application of real life scenarios, detailed coverage of law matters and a wide and comprehensive scope in terms of syllabus. The challenge intensifies as the candidates have to pass all the five subjects in one sitting.

*Practical Guide on CLP Evidence* is a must have reference book for all candidates who are sitting for the qualifying law examination in Malaysia, and to practise as advocates and solicitors.

This is the first of its kind written with the sole objective to enhance the candidates' exam skills and techniques and to equip them with the required technical knowledge to pass the exam. It consists of 15 chapters accompanying with:

- short notes
- charts to illustrate principles of law
- comprehensive and latest development on evidence law cases
- 43 past years' questions with full length suggested answers

The law is stated as at 8 January 2010.
